

CAUTION: BLUE – GREEN ALGAE BLOOM WATCH

Blue-green algae bloom(s) have been spotted in this waterbody.

- Don't swim or wade near blooms or surface scum
- Avoid contact with algae, including on fishing lines or boats
- Don't drink the water
- Keep children and animals out of the water (away from blooms or scums)
- Rinse immediately with clean water if exposed

Consider medical attention if you or a pet have symptoms of nausea, vomiting, or diarrhea; skin, eye or throat irritation, allergic reactions, disorientation/vertigo, or breathing difficulties. Report symptoms to the park office and local health department.
